

T. 26 N., R. 9 E., Sixth Principal Meridian, Nebraska

CHAINS	<p data-bbox="881 302 1190 327">GENERAL DESCRIPTION</p> <p data-bbox="517 365 1564 617">The area embraced by this survey is located on the Winnebago Indian Reservation in Thurston County, approximately 1 mile northeast of Winnebago, Nebraska. The terrain is predominately rolling pasture land intermingled with patches of timber and brush along the draws and creek bottoms. The elevation ranges from 1,250 to 1,440 feet above sea level. The soil is primarily heavy loam and the timber consists of various species of deciduous trees.</p> <p data-bbox="517 653 1515 810">Drainage is provided by several small creeks flowing in a northwesterly direction. There are several homes in the area and land use consists of a mix of pasture land and cultivated fields. No mineral deposits or mining activity were noted during the survey.</p> <p data-bbox="517 846 1164 873">Access is provided by several BIA roads.</p>
